EDUCATION

Bikaner Technical University Master of Computer Applications (MCA)	2025–2027
Government Engineering College Bikaner Bachelor of Computer Applications (BCA)	2021–2024
Government Girls Lady Algin Senior Secondary School Senior Secondary Education	2020–2021

PROJECTS

Pocket Calculator Web App [GitHub](#)

- Developed an interactive calculator with JavaScript, HTML5, and CSS Grid
- Implemented event-driven logic to process user input and execute arithmetic operations, handling complex expressions accurately
- Architected a responsive and visually appealing interface to ensure a seamless user experience
- **Tech Stack:** JavaScript, HTML5, CSS Grid

Animal World Website [GitHub](#)

- Developed a responsive website featuring interactive elements like a video modal and expandable text using pure JavaScript
- Optimized performance through lazy loading and preloading strategies for a faster user experience
- Built with a focus on semantic HTML and modern CSS layouts for cross-device compatibility
- **Tech Stack:** HTML, CSS, JavaScript

Netflix Clone [GitHub](#)

- Replicated Netflix homepage layout with a responsive, clean UI
- Created navigation bar, banner, and dynamic movie sections using JS
- Focused on pixel-perfect design and cross-device compatibility
- **Tech Stack:** HTML, CSS, JavaScript

Food Delivery Service Website [GitHub](#)

- Developed front-end layout for a food delivery website with key UI components
- Included pages for Home, Menu, and Contact with intuitive layout and structure
- Demonstrated clean UI/UX basics and HTML/CSS structuring during early learning phase
- **Tech Stack:** HTML, CSS
